• Table Plans (Simply Printed, Printed and Embellished and Multi-aperture)

Our beautiful table plans are available in all our 'Boutique' designs as well as all our other stationery ranges but our three delightful 'styles' of table plan are as follows with prices in a table at the end:

Simply Printed (the only embellishments are Swarovski crystals)

Our 'Simply Printed' table plans are printed on the most beautiful boards, embellished with tiny Swarovski crystal accents, and come with a high quality single outer mount (a double layered, bevelled mount) and frame*, handmade to order (see frame details later).

Subtle watermark imagery is overprinted with your 'Title Names', the date, 'Top Table' (if having one) and your guests table lists. The effect is really lovely and very stylish. Whilst this style is the most cost effective style of plan we produce, the quality equals that of our most expensive, as the boards, mounts, frames and care taken is the same whatever style of plan we are producing.

Printed and Embellished ('Ascot ribbon 'wraps' buckles and bows are not suitable for this style of table plan)

Our 'Printed and Embellished' table plans are also printed on the most beautiful boards and are embellished with delightful hand-tied 'Guild Bows' to coordinate with your wedding/event stationery colour theme. They come with a high quality single outer mount (a double layered, bevelled mount) and frame*, handmade to order (see frame details later).

As with our 'Simply Printed' table plans, subtle watermark imagery is overprinted with your 'Title Names' the date 'Top Table' (if having one) and your guests table lists.

The hand-tied bows sit between each table name/number and the first guest listed and this allows us to truly coordinate your table plan with your wedding day/event stationery. Tiny Swarovski crystals can also accent the table names/numbers and 'Title Names' at no additional cost.

Multi-aperture

Our Multi-aperture table plans are undeniably the most popular style of table plan we produce. Thanks to the skills of our framers who make and prepare the frames* and aperture mounts to order these plans never fail to delight. The 'Title Names', 'Top Table' (if having one) and each guest table list resides within its own double mounted aperture. Using the highest quality boards and embellishments we create stunning table plans that coordinate seamlessly with your chosen 'Ascot' or 'Guild Bow' design. Depending on the 'Boutique' design

you have chosen your table plan ' will have decorative imagery, hand-tied bows or buckles on ribbons embellishing each aperture.

Frame Details*

All quotes include a choice of silver, gold, or black frame. We also have larger scaled 'Distressed Ivory' and 'Vintage Swept' frames that, due to their larger scale, currently carry an additional cost of between £25-£35 depending on the number of tables (1-7 tables £25, 8-15 tables £30, 16+ tables £35)

All our frames are handmade to order and we have been repeatedly delighted with the quality of the frames and mounts and the excellent service our framers offer.

Time frame

We generally request that table plan guests' names and information are submitted about four weeks before the wedding/event via the following link: <http://www.yourtableplan.co.uk/table-plan-enquiries.asp>

Delivery

Please note that for packaging and delivery within the UK we charge £15. If 'day' stationery from our 'Boutique' ranges has also been ordered it will be packaged with the table plan and only one delivery charged.

• FAQ'S (If you find we haven't covered your question please don't hesitate to get in touch!)

Can I order a sample?

Yes, on our wedding stationery 'home page' we have a 'Samples & Ordering' tab where up to three, generic samples can be ordered. Should you choose to order your stationery from us, the cost of the sample design from your chosen range, will be deducted from your order. We always advise the ordering of a sample as, should you decide you love the sample and wish to order your stationery with us, the cost of the sample is refunded. Should you decide you'd like to order and choose to move straight to email proofs without seeing a sample a non refundable deposit is required.

Can I/we visit to view samples and discuss our stationery?

Yes, we'd be delighted to arrange an appointment for you to visit (please allow for at least a weeks notice). To allow time to chat we request that appointments start no later than no later than 4.30 pm and in the morning start no earlier than 10am. Mondays can be very busy so again we'd appreciate avoiding this day.

Can I order samples of other stationery items e.g. Menus, Table Number Cards?

Sorry but this is not a service we offer

Is there a minimum order for invitations?

Our minimum order for 'Save the Date' cards, invitations, Orders of Service/Ceremony, Orders of the Day and 'Thank You' cards is 20 pieces.

Do I receive a hard-copy proof?

Yes, once email proofs of your invitation have been 'signed off' a hard-copy proof is prepared; we ask you to sign this and return it to us (your postage and a return address label is provided) and production will be scheduled.

Do I have to pay a deposit?

Once you have decided you would like us to produce your stationery and have instructed us to begin your invitation/stationery email proofs, we will ask for a non refundable deposit of £50. Once email proofs are perfected and (if ordering invitations) you have received and are happy with your hard-copy proof we will request full payment of your order. Once payment is complete production of your stationery will begin. For subsequent orders full payment will be requested after satisfactory completion of email proofs, once payment is made production will commence.

How long will my order take?

Once you have decided to order and have paid a deposit, as long as your information is submitted in the format we request initial email proofs will take 2-3 days. Once approved (with up to two amendments) your hard-copy proof will follow. We ask you to sign this and return it to us (your postage and a return address label is provided) and payment for the order is requested. Once the payment is made production will be scheduled. Once the hard copy proof is back with us we would expect production to take a week to ten days.

What are the postage rates?

We charge £8.50 for a next day 'signed for' service (deliveries sent on a Friday should be expected to arrive on the Monday following). Please note that 'follow' on deliveries (even for a small number of items) will be charged at £8.50 Table plan deliveries (including any 'day' stationery sent with them) are charged at £15

Do prices include envelopes where applicable?

Yes!

Can I change the fonts on my invitations?

Yes; we have some lovely fonts (examples shown on website) and discussing fonts will be part of the ordering process so the theme/style of your wedding is reflected in your stationery

What happens if we need more invitations after my order has arrived?

We can of course print additional invitations for you but there would be a set up charge of £25 and a new delivery charge to pay. We strongly recommend that you order a few more invitations than you think you require especially if sending a 'second round' is a possibility (if you suspect some guests may not be able to attend and you have others in reserve.)

Can I have my own wording?

Certainly! Our only stipulation is that the information is submitted in the format we request.

We would like our text foiled, is this possible?

We certainly can foil names/genetic text on your invitations for 40p per invitation. A bespoke foiling die would have to be made; this would incur a one-off payment of £25-£40. Bespoke foiling will affect lead times.

Can I make amendments to my proofs

We are always happy to make amendments and allow for two further amendments from your initial email proofs before 'signing off' your proof and moving to the 'hard-copy' proof stage. Once the hard-copy proof has been sent, should you decide you would like further text alterations made, we charge an administration fee of £10 for each new email proof (a second hard-copy proof would not be sent). Of course if any errors were due to a mistake on our part there would be no re-proofing charge.

The Handcrafted Card Company Ltd

Can I coordinate the colour of my stationery to my wedding/event colour theme?

If you have a specific colour you would like to match your stationery to (e.g. a fabric swatch) then you are welcome to send this in and we will do our very best to match it at no additional cost. This service is not available when initially ordering samples.

Can I have my invitation as a 'pocketfold' or wallet style invitation?

Of course, the new 'Enfolio's'® we have developed allow us great flexibility in our designs which, in turn, offers you all the choices you could wish for. Please see the design section for 'Pocket-fold', Pocket Card and Wallet invitations. This style of stationery may have slightly longer lead times

If I like the 'Artisan' ranges but want different sizes or different styles of embellishment than those offered can I have them?

We are more than happy to accommodate bespoke requests but prices would differ to those listed in the product guide and a separate quote would be provided.

Can I email my information ?

We pride ourselves on our email contact and try our very best to respond quickly to any of your questions and to keep you updated with the progress of your order. When it comes to submitting information we will request that, depending on the information being submitted (invitation text, table plan guest lists etc.) you use our recognised formats for information submission. This might be excel files, table plan or invitation 'on-line' quote enquiry forms; we will always stipulate how we require information to be submitted. Information submitted in other formats may delay production time and possibly incur an administration fee.

Can I have my stationery sent abroad?

Yes but your order will be sent by courier and costs will be considerably higher. You will be asked to supply information, regarding quantities etc. earlier than normal, in order for us to give you an approximate delivery quote. We only use couriers that have been specifically chosen for their excellent tracking facilities.

Can I have my invitations in another language?

Yes but all text must be provided in the layout that is required and it is accepted that full proofing lies solely with the Client.

Do I have to have my table plan framed?

Yes, we do only offer framed table plans (unglazed). Our experience has taught us that a beautiful frame, not only looks so much more suited to a lovely venue than plain board or foam-board but it also protects your plan. Our delightful selection of romantic and contemporary frames also mean your table plan will coordinate with the carefully considered theme of your wedding/event. Framed plans also can, (in many cases), be glazed afterwards making a lasting keepsake.

I've left everything too late, can you help?

If we can, we will! We don't make charges when asked if we can accommodate a speedy turnaround as, if our production schedule is full, we will have to say no so our other clients are not compromised. However if we do have production space and information is supplied in the correct format and to our timeframe we will be delighted to prepare your stationery. Please note, when speed is of the essence e.g. the Client requests hard-copy proofs sent for 24hr delivery or for a Saturday delivery (where possible) delivery charges may reflect this.

Cancellation, will I get my money back?

If you have to cancel your order after your initial deposit of £50 has been paid this will not be refunded. If you have paid for all of your stationery a 50% refund will be made.
